

# REIMAGINING MUSLIM SPACES

FRIDAY, FEBRUARY 1 @ 6-8 PM

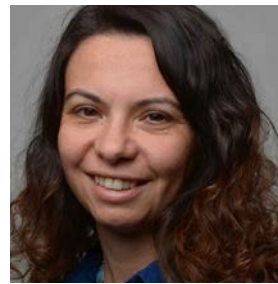

Muslim Community Center of Greater San Diego | 14698 Via Fiesta, San Diego, CA 92127

A mosque is a place to nurture spirituality and connect with fellow community members. With this in mind, ISPU's Reimagining Muslim Spaces (RMS) project aims to provide research-driven recommendations to the American Muslim community in their efforts to build more accessible and community-friendly mosques. Join us at the Muslim Community Center of Greater San Diego on Friday, February 1, or at the Islamic Center of San Diego on Saturday, February 2, for an insightful and important discussion on how to create a welcoming mosque for all.

SATURDAY, FEBRUARY 2 @ 5:30-7:30 PM

Islamic Center of San Diego | 7050 Eckstrom Avenue, San Diego, CA 92117

## SPEAKERS
