

Appendix D. IL Muslim Civic Coalition Task Force

Illinois Muslims: Needs, Assets,
and Opportunities

Task Force Members

The **Illinois Muslims Report Task Force** members are key to the historic **Illinois Muslims: Needs, Assets, Opportunities** report. Task Force members are volunteers and influencers who engage their vast networks, provide input and counsel, and translate research into action.

The Task Force worked with the researchers to develop the vision, ask questions, provide input, and connect researchers with our communities/residents for the survey, focus groups, and other research methodologies to maximize participation and the diversity of Muslims in Illinois. The Task Force was critical to capturing a true snapshot of the diverse community.

Faith centers, masjids, Muslim Students Associations, and other campus-focused organizations also provided great support.
